

Hand-Crafted Wreath

Create a very special handprint wreath to hang on your tree—it's special because it's made from your very own hand!
Or, if you're hosting a holiday party, put one together from the handprints of all your friends.
There's no better way to create touching memories this season!

You'll need:

- ✿ Lots of green and red construction paper
- ✿ Pencil
- ✿ Scissors
- ✿ Craft glue
- ✿ Markers or glitter pen (optional)
- ✿ Glitter, feathers, sequins, pretty buttons, or other decorations
- ✿ A hole punch
- ✿ Yarn or ribbon

Safety Note:

This ornament craft involves cutting, gluing, and using a hole punch. Please ask an adult for assistance.

Here's how:

- ✿ Trace your hand (or everyone's hand, if you're making the wreath from all your friends' hands) onto a piece of construction paper. You'll need about 10 hands for each wreath.
- ✿ Cut out the handprints and glue them together in the shape of a wreath, with the wrists overlapping slightly in the center and the fingers on the outside of the circle.
- ✿ Spruce up your wreath by decorating with bows, buttons, and more!
- ✿ Punch a hole in a sturdy spot and thread with ribbon or yarn to hang your finished wreath on the tree.
