

# SEEK YOUR FORTUNE!

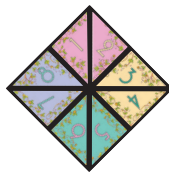

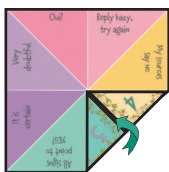

Follow the instructions below to create your own fancy paper fortune-teller!

## INSTRUCTIONS:

1. Cut out the square fortune-teller template on the next page.
2. Flip so the designed side is facing down and fold the paper in half vertically.
3. Open it back up (with the designed side facing down) and fold the paper in half horizontally.
4. Open up the template (with the designed side facing down) and fold each of the corners into the center, creating a smaller square.

5. Once each corner is folded, flip the paper over, then fold those corners into the center, forming an even smaller square.
6. Fold that square in half (toward the center) and place a finger or two into each of the four pockets, creating the fortune-teller shape.
7. And voilà!

**Safety Note:** This project involves cutting. Please ask an adult for assistance.

## HOW TO PLAY:

1. Have a friend ask a question and then pick one of the colors displayed on the fortune-teller.
2. Spell out that color while moving the fortune-teller in and out.
3. Ask your friend to choose one of the four numbers displayed on the inside.
4. Open and shut the fortune-teller the number of times that matches the number selected.
5. Ask your friend to choose one of the four numbers displayed on the inside again.
6. Finally, lift the flap of the number chosen to reveal the fortune-teller's prediction.
